- Batches are informed to communicate with respective guides and prepare synopsis as per the format prescribed.
- Last date to **submit** the synopsis is on or before: **21-11-2020, 5.00pm.** Submission is through **google form**. Link will be shared.
- The name of the file should be in pdf format and the name of the file should be Batch *'Number-Title.pdf'* for example A99-repository_management.pdf
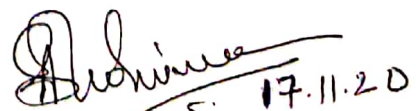

Synopsis Format

➢ Front page (it will be shared)
➢ Introduction
  ○ About 2-3 paragraphs about the project description.
➢ Objectives (2-3 objectives in bullets form)
  ○ Objectives are the set of expected/desired results of the project. Loosely said, the expected output of the project.
➢ Motivation
  ○ Reasons for choosing the project topic. May be to improve the results over the past implementation, address the real time issues or anything other.
➢ Literature survey (6-10 Recent papers)
  ○ Documenting the already carried out work, empirical data, dogma or anything other.
➢ Methodology (preferably architecture/Use case)
  ○ A rough idea in the form of diagrams (block) on how the project will phase.
➢ Tools and technologies
  ○ Hardware and Software used/required for the implementation
➢ Expected outcome (Based on number of objectives)
  ○ The tangible outcome/s of the project.
➢ Conclusion

Bhaskar G

(Convenor)
